

BRINGING YOU NEW TECHNOLOGIES

Introducing...

Now you can order office supplies where ever you are using your tablet or iPad! Simply follow the directions below to download your free app.

Download OP on the GO

You can download the OP on the GO app in the Apple App Store, the Google Play Store and the Amazon App Store for the Kindle Fire.

Simply search for "OP on the GO" in any of these stores*, or scan QR Code below to find the app in your store.

*Note: When searching for the app in Google Play Store (and only in this store), it's currently located most quickly if "TriMega" is added to the search term. Eg: "OP on the GO TriMega".

Log in and Download the Catalog:

Now that you have downloaded the App, it is time to "point the App" to Storey Kenworthy. On your FIRST LOGIN ONLY, you will need two simple pieces of information to login: your dealer name and password, which are the same and shown below:

Dealer Name: storey

Password: storey

Passwords are case sensitive. All passwords are lowercase. Note - this password is not affiliated with your pre-existing customer password.

NOTE* - When downloading your catalog for the first time, the app will present you the option of downloading the videos that are contained in the app. Selecting "Yes, download videos" will increase the download time significantly, therefore, we recommend you do not download videos if you are concerned about download time. By not downloading videos, catalog download time improves considerably - and videos can still be streamed as long as you have an internet connection.
